This pdf is very gripping and fascinating. We have read and that i am certain that i am going to going to read once more again in the future. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Orca Book Publishers. Paperback / softback. Book Condition: new. BRAND NEW, Addison Addley and the Trick of the Eye, Melody DeFields McMillan, Addison's mother wants to sell their comfortable old house and move into a townhouse in a new development across town--a shoe box near a shoe factory, Addison calls it. As usual, Addison's brain goes into overdrive as he tries to solve two problems: first he must get his mother to see their old house in a new light, and then he must figure out who is responsible for a rash of neighborhood break-ins that make his mother feel unsafe. With the help of his friend Sam, he puts his own unique spin on optical illusions (and home decor) and ends up surprising everyone, even himself. Melody DeFields McMillan is a teacher who lives in Simcoe, Ontario, not far from where she grew up. She is the mother of two adult children. When she's not writing, she's enjoying all that nature has to offer. Her first book about the irrepressible Addison (Addison Addley and the Things That Aren't There) was nominated for a Silver Birch Award.
