

Exploration: A Very Short Introduction

By Stewart Angus Weaver

Oxford University Press Inc. Paperback. Book Condition: new. BRAND NEW, Exploration: A Very Short Introduction, Stewart Angus Weaver, For as long as there have been civilizations, there has been the urge to venture outside of them, either in search of other civilizations or in search of novelty. Exploration: A Very Short Introduction surveys this quintessential human impulse, tracing it from pre-history to the present, from east to west around the globe, and from the depths of volcanoes to the expanses of space. Stewart Weaver arranges the history of world explorations into thematic chapters, each of which isolates the distinctive qualities and characteristics of exploration in a particular era, period, or place. He introduces the reader to the definition of exploration; to the Polynesians crossing vast seas on their canoes and other early explorers; through Columbus and the European discovery of the Americas. James Cook and the place of exploration in the Enlightenment form the subject of a chapter. So too do the natural histories and explorations of Alexander von Humboldt in South America and Lewis and Clark in North America. The book's final chapters chart exploration through imperial expansion and into new frontiers, guiding the reader through exploration in Africa...
