Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This is a comprehensive look at Ancient Rome from its founding to the collapse of the Western Roman Empire in the late 5th century. From the preface: This compilation is designed to be a companion to the author s History of Greece. It is hoped that it may fill a want, now felt in many high schools and academies, of a short and clear statement of the rise and fall of Rome, with a biography of her chief men, and an outline of her institutions, manners, and religion. For this new edition the book has been entirely rewritten, additional matter having been introduced whenever it has been found necessary to meet recent requirements. The penults of proper names have been marked when long, both in the text and Index. The Examination Papers given are introduced to indicate the present range of requirement in leading colleges. The maps and plans have been specially drawn and engraved for this book. The design has been to make them as clear and open as possible; consequently, names and places not mentioned in the text have, as a rule, been omitted.
