By United States. Bureau of Area

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 98 pages. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1989 Excerpt: . . . large. BLM SLRA management costs are 650, 000 per year compared to benefits of 2, 362, 050. Table 4-4 (Assumptions for Analysis) shows impacts to national values from recreation activities on SLRA lands. The estimated national value of recreation activity is about 2. 1 million. The total impact to national values from recreation, range, and forestry is about 2. 36 million. The BLM SLRA costs can be compared to the benefits over time using 8-78 percent discount rate. The ratio of national value compared to the cost is shown in Table 49. Benefits were only those measured in the national income tables. TABLE 4-9 BLM SLRA MANAGEMENT COSTS COMPARED TO BENEFITS BY ALTERNATIVE Special Status Plant and Animal Species Riparian and wildlife developments in the grazing allotments could result in a net benefit to special plants. Populations of *Astragalus ripleyi* would be adversely affected as a result of continued grazing use...
