Become the change you want to see in the world - Ghandi And Nobody Cares by Nye Hurst is a poignant call to action, offering sound, lasting solutions for finally overcoming the generational [issues] that continue to plague the Black community. - Apex Reviews. Race has become an increasingly touchy subject in today s world, yet instead of shying away from the truth, the author encourages and motivates all who hold dear our inner cities to stand up and act. Nye Hurst, a penname chosen in honor of activist Julius Nyerere, issues a trumpet call for every citizen to seek improvement in our communities and to improve the quality of life provided to our children. What would we have achieved if Malcom X and Martin Luther King, Jr. were alive today? Many seem to think that the plight of the minority community is a myth perpetrated by the lazy. Nye Hurst poses a different theory: the myth itself is perpetrated by the uninspired and unmotivated. His book, And Nobody Cares, is directed to motivate you to lift up your community today, to fight for justice and for equality. This call to action takes you on a journey to the past and continues the discussion on why true leaders are in dire demand. Offering plenty of thought into the future of race and America, And Nobody Cares proves to be an insightful and recommended read, not to be overlooked. -Midwest Book Reviews.
