Anness Publishing. Paperback. Book Condition: new. BRAND NEW, Sticker Fun: Nature, Armadillo Press, This title comes with over 50 reusable stickers. This is a play-and-learn sticker book that presents a child's-eye view of the natural world. You can meet familiar and strange animals and plants in a variety of locations: at home, on the beach, in the forest and on the farm. Fun words complement lively photographs and set simple challenges to seek the right sticker for the right place - find another duck to paddle in a puddle, look for leaves to blow in the wind, pick up a missing penguin, find the snail who left the trail, and much more. It features entertaining subjects such as weather, nature on your doorstep, and a walk on the wild side. It helps preschool children to develop early literacy and numeracy skills. It offers reusable stickers for every page that can be stuck down time and time again. Give your child an excellent start to their learning with this lively activity book. Hunt for the escaped hamster, find another wriggling worm in the wet grass, seek the sheepdog's lost flock, and complete a line of marching ants. Number skills and basic vocabulary are introduced through simple words and pictures. Find the yellow flower, place some more plants on the table and find others to grow in the garden. The sticker activities put learning into practice and quite naturally make it an enjoyable experience for early readers.
