Laboratory Manual of Biology (Classic Reprint) (Paperback)

By George William Hunter

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Laboratory Manual of Biology It is self-evident that such an abstract and philosophical presentation of biological data, as would be suitable for advanced students, is quite out of place in a manual intended for young pupils, untrained in observation, unskilled in accurate description and easily discouraged by being left, at the outset of their studies, too much to their own devices. The present book is not an experiment: it is the outgrowth of actual class-room experience with large classes of young pupils. Our private notes were combined and revised and the amended questions mimeographed and used in class work by five different men during the past year; the personal equation has been still more nearly eliminated through the helpful criticism of practical teachers who have read the manuscript. The course of study for the High Schools of New York requires that botany and zoology (including physiology) be taught in the first year. A single volume covering both subjects is desirable in order to avoid the changing of books at the end of the first semester. The...
