Excerpt: . . . 11 Grand Canyon Commission which detailed the sulfur dioxide emissions reduction milestone graph and a backstop emissions trading program to ensure attainment of that visibility improvement. On May 6 of this year, the EPA proposed a revision to the Regional Haze Rule that would include that Annex. The States who choose to implement a program under Section 309 of the Annex and the Regional Haze Program must submit their plans by December 31, 2003, not much more than a year from now. The work of the WRAP remains on schedule and will enable us to meet that deadline, and we intend to do that. The success of this process has been in no small measure a result of the contributions that EPA has made to the partnership and the willingness of Congress to fund that work, and we appreciate both. On a related note, in a recent decision from the U. S. Court of Appeals regarding the Regional Haze Rule, while the court rejected EPA's group BART determination, or...
